About our Hackathons

- Twelfth Hackathon/ Deployathon

- Cooperative, collaborative and non-competitive

- Producing and using FLOSS (Free/ Libre Open Source Software)

- Non-commercial - no monetary rewards

- Back to our roots - our first few hackathons involved RIPE Atlas!

Goals for this Deployathon

- Deploy 100 software probes

- Bring together network operators, students, researchers, coders, hackers, RIPE Atlas Ambassadors, mentors and enthusiasts in general…

- Let the community help one another

- Get your feedback

- Have fun!

Housekeeping

- We are using three platforms

  - **Zoom** for presentations

  - **SpatialChat** for networking and fun

  - **Slack** to share information

  - **GitHub** to upload slides and code

- You have received the links to access all platforms by email

- All access links are also available on RIPE Labs:
